ACADEMIC ELIGIBILITY

- RHS Athletic Programs stress academic excellence first!
- Students **MUST** perform in the classroom in order to be privileged to participate in athletics.

ALL athletes must meet the two criteria below in order to participate in athletic competition.

1. **Maintain at least a 2.0 GPA**
2. **Pass 3 out of 4 classes with a “D” grade or better.**

What is probation?

In the RJUHSD, athletes are offered one grading period of “probation” for the entire 4 years of high school IF they meet one of the two criteria above. IF the athlete chooses to take their probation, they will be able to compete for that grading period only. Once they have used their probation, they will not be eligible for probation again; therefore, if they do not meet the criteria above again, the athlete must sit out until the next grading period and eligibility declaration date.
